

ProLine exhibit carpeting is ideal for trade shows, exhibitions, and “green” special events. This 100% polypropylene 3,5 needlepunch carpet features an Impregnated Fireproof backing with excellent fire ratings. Made from 100% post-consumer recycled materials and completely recyclable, this is a truly environmentally friendly carpet. It can be installed with double-sided tape or by traditional glue-down methods. The soft ribbed texture and saturated colors will be a hit at your next event or exhibit. Available in 3 meter wide rolls - perfect for trade show booths!

**ProLine features:**

- 3,5 needle punch construction
- Impregnated Fireproof backing
- Polypropylene fibers made from 100% post-consumer recycled materials
- 100% recyclable
- 10’ roll widths
- Excellent fire rating and test results
